Have a Question? - Ask The Expert

The Reflective Insulation Manufacturers Association International (RIMA-I) continually strives to make access to reliable research and information on the reflective products industry available to everyone. We are continually adding new ways to share information as well as respond to inquiries covering everything from individual consumer installs to technical information for architects, engineers, contractors, building code officials and others in the construction industry. If you have a question on reflective insulation, radiant barriers, interior radiation control coatings (IRCC or low-emittance coatings)– RIMA International can help.

You can find a wealth of FREE information on www.rimainternational.org; and you can send your specific questions directly to us using our “Ask the Expert” link right on the home page. (You access the link directly here <http://www.rimainternational.org/index.php/technical/ask-the-expert/>.) It’s a quick and easy way to bring the world’s leading experts on reflective technology directly to you.

You can also access the expert through our Facebook page and LinkedIn group. (You can find links to both of these in the upper right-hand side of our homepage.) And of course, you can always contact RIMA-I directly at 800/279-4123 (in North America) or 785/424-7115 or via e-mail at rima@rima.net. Let us help you better understand reflectives and how they can be used in your application. We look forward to hearing from you!

The Reflective Insulation Manufacturer's Association International is a group of dedicated people working together to propagate the knowledge and use of reflective insulation, radiant barriers and interior radiation control coatings (IRCCs). RIMA-I has been the major force in establishing fair ASTM standards for testing and installation procedures. RIMA-I welcomes all who are interested in promoting and directing the growth of the industry. For more information about membership or the industry, please contact Executive Director Mary Edmondson at 800/279-4123 or visit us on our website at www.rimainternational.org.
