Be Our Zoom Guest November 5th for Dr. Hamed Saber

RIMA International is pleased to welcome guest speaker Dr. Hamed Saber to our fall 2020 Membership meeting beginning at Noon (CST), November 5th. Dr. Saber presented at our I-RIM Conference in London in 2014, and we are looking forward to hearing about his latest research.

Dr. Saber has been conducting computer simulations of the thermal performance of enclosed reflective air spaces for several years. One output of Hamid's work is a computer tool for quickly calculating the R-value of a reflective airspace. The computer tool provides reflective insulation assembly R-values for any heat-flow direction, effective emittance and bounding temperatures. The impact of the reflective air-space dimensions on thermal performance is included in the calculations. Dr. Saber will discuss and demonstrate the reflective insulation computer tool for meeting guests. His presentation will be followed by the RIMA International fall Membership Meeting providing updates and information on all the work the association's various committees are doing. It's a great opportunity to learn about the organization.

Attendance is **FREE**; however, **guests must register in advance (by October 16)** to receive the Zoom link to participate in the meeting. To sign up, contact the RIMA-I office at rima@rima.net and mark your calendars now for **Noon (CST) Thursday, November 5th**. We look forward to "seeing you" there!

The Reflective Insulation Manufacturer's Association International is a group of dedicated people working together to propagate the knowledge and use of reflective insulation, radiant barriers and interior radiation control coatings (IRCCs). RIMA-I has been the major force in establishing fair ASTM standards for testing and installation procedures. RIMA-I welcomes all who are interested in promoting and directing the growth of the industry. For more information about membership or the industry, please contact Executive Director Mary Edmondson at 800/279-4123 or visit us on our website at www.rimainternational.org.
