Be Our Guest in New Orleans – October 19-20

The Reflective Insulation Manufacturers Association International will hold their fall 2022 meetings at the Sheraton New Orleans Hotel, October 19-20, 2022, in New Orleans, Louisiana. Meetings are being held in conjunction with and immediately following ASTM C16 (Thermal Insulation) Committee meetings. All meetings will be held at the Sheraton, making it easy for those interested to participate in both events.

The agenda includes committee meetings throughout the day on Wednesday and Thursday morning. Immediately following is the full Membership Meeting where all committees will report and other association business requiring member input or vote are held. Guests are welcome to sit in on all committees and meetings of interest. It's this type of teamwork that drives us to do more and do better to the benefit of everyone in the industry.

In addition to working committee meetings and the full Membership Meeting Thursday, there are social activities planned as well. One popular event is the group dinner outing on Wednesday evening. A cocktail hour sponsored by **Polyplex** will open the event with dinner immediately following. Luke restaurant will be hosting this event, which is always a highlight to every meeting and a great opportunity to socialize with peers.

Guest speakers on the topic of Sustainability will be joining attendees on Thursday along with a group luncheon to break up the day.

If you are involved in the reflective products industries in any capacity, you should be at this event. You will learn more about what is happening in the industry, all RIMA International is doing and network with some of the top experts in the field. Come be our guest! You will be amazed at all your industry association is doing. **You can reserve your spot by contacting the RIMA-I office at rima@rima.net or by phone at 785/424-7115 by October 1, 2022.**

Together we DO make a difference!
