Le Meridien Visconti Rome to Host I-RIM Conference 2023

The Reflective Insulation Manufacturers Association International (RIMA-I) is excited to host the 2023 International Reflective Insulation Manufacturers Conference (I-RIM Conference) May 23-25 at the Le Meridien Visconti Hotel in Rome, Italy. This is the only international conference where reflective product manufacturers can come together, learn from the experts in their field, share information, see how reflectives are being utilized around the world and network with leaders in the industry.

The room block for conference attendees is set up and ready for those eager to book your space. There are a limited number of sleeping rooms reserved for this event, so do plan to book early. The link to the hotel reservation block is located on the association website under the menu option "I-RIM Conference" as well as under "New/Meetings/Events". Or if you're ready to secure your room, you can do so here - <https://www.marriott.com/event-reservations/reservation-link.mi?id=1661787918714&key=GRP&app=resvlink>

The program schedule and topics will be posted shortly. You can also join our group on LinkedIn = [2023 I-RIM Conference \(International Reflective Insulation Manufacturers Conference\)](#) - to stay informed on the latest updates for this event.

If you are involved in the reflective products industries in any capacity, you should be at this event. Mark your calendars now and plan to attend.
