Still Time to Register as a Guest in DC

The Reflective Insulation Manufacturers Association International (RIMA-I) will hold their fall meetings at the Churchill Hotel in Washington, DC, November 1-2. These are the association's working meetings where each of our committees meet to discuss assigned projects, address current industry issues and work on ongoing and future projects. The full membership will also meet to report on association projects and activities, address association business and enjoy a guest speaker.

What does that mean to you? It means, this is a great opportunity to learn all that is happening within the industry while networking with the top professionals in this field. ***Anyone involved in the reflective insulation, radiant barrier and radiation control coatings (IRCC) industries, should attend.*** Guests are welcome to participate in all meetings and are invited to join the members for a group cocktail hour sponsored by **Balcan Innovations** followed by dinner on Wednesday evening at Logan Tavern. There will also be a group lunch followed by our guest speaker on Thursday – [all compliments of RIMA International](#).

Not only will you learn all that's happening within the industry (including current building code issues and technical research efforts), this is your chance to let your voice be heard and get involved. Take advantage of this opportunity and share your professional challenges with your peers. This is the forum where industry professionals work together to overcome challenges together. Don't miss this opportunity to meet, learn and connect. You will be amazed at all your industry association is doing.

Reserve your seat here - <https://form.jotform.com/211934168603152>. Reservations can be made here - <https://be.synxis.com/?adult=1&arrive=2023-10-31&chain=5415&child=0¤cy=USD&depart=2023-11-01&hotel=12885&level=hotel&locale=en-US&rate=1062FT&rooms=1.>) Come see for yourself - Together we DO make a difference!
